Skeena River:

Skeena River is divided into four sections:

Skeena 1 (non-classified) Exchamsiks River downstream to the ocean.

Skeena 2 (class 2 water) Exchamsiks River upstream to 1.5 km above Kalum River.

Skeena 3 (non-classified) 1.5 km above the Kalum River upstream to 1.5 km above Zymoetz River.

Skeena 4 (class 2 water) 1.5 km above Zymoetz River upstream to the head-waters.

Water is low and clean. Fishing has been good for Steelhead but you have to know where and how to fish for them. You may want to consider hiring a guide to learn how? If so please [contact me](#) anytime I will get you set-up with the BEST.

Kitimat Lodge

Spring Steelhead fishing the Classified rivers of BC.

Spring Steelhead fishing season on the Classified rivers of BC only runs from March to May!

Read the full update:

<http://kitimatlodge.com/spring-steelhead-fishing/>

Classified rivers are special rivers with are considered a quality experience regarding scenery and quality of fish, Salmon and Steelhead. This allows us many miles of water with reduced angler traffic!

These limited 'classified rod days' are held only by a few guides, providing our clients the best opportunity to hook that monster steelhead! **BOOK NOW!**

Almost 200 New Steelhead and Salmon Photos!

Hi everyone, we always get excited about the coming fishing season about this time of the year... and looking through seasons of fishing pictures is a great way to remember some of the people we've met and all of the adventures we have shared!

This month we are re-releasing hundreds of fantastic fishing pictures from the 2011 season!

You'll find stunning photos of British Columbia and lots of smiling faces of friends and guests who are holding their Steelhead or Salmon!

We would also like to connect up with you on LinkedIn, so this month we are sharing or new business page!

Click here to find links to the new photo galleries!

<https://www.linkedin.com/company/kitimat-lodge>

If you have any photos from a fishing trip- share them on our page on Facebook!
We would love to see them!

<https://www.facebook.com/kitimatlodge/>

Until next time!

Tight Lines!

Tracey and the crew

If you've been dreaming about hooking up some famous chrome steelhead check out this video from our guided Steelhead fishing trips on the world famous Skeena River and Kitimat Rivers in British Columbia Canada!

The 2015 season will be here soon BOOK NOW!!

SPRING STEELHEAD

Spring Steelhead begins this late March for 6 weeks. If the run of Steelhead was like last year our guests are going to hit pay dirt.

CHINOOK SALMON

Starting in May, thru to August, Chinook Salmon we target either by Jetboats or spacious driftboats, on the rivers, or 30ft Aluminum, twin Volvo Diesel, ocean vessel. All our boat are fully equipped with top of the line gear.

COHO SALMON

Late July to late September all 5 species of Salmon are in full charge from the ocean to the rivers. We intercept these Salmon either in the Saltwater or small coastal micro streams, using like tackle or fly.

HALIBUT and CRAB

May to November is best for Halibut and Dungeness Crab. For 2014 the size limit for Halibut has increased, retaining a 70lb fish, up from the 60lb fish in 2013

SUMMER - FALL STEELHEAD

The lower 100 miles of the Skeena and its tributaries are a Steelheaders dream, miles of fly water to chase the elusive steelhead. With our access to **Classified waters** in Skeena country, this allows us flexibility and tranquility for our customers.

BOOK SOON - don't be disappointed:

Kalum River:

Water in fair shape both lower and upper end. Steelhead fishing is good. The Spey fly rod is working well. It is just a matter how knowing which pools and runs they are holding in. If you need a guide to show you how and where just [contact me](#) anytime. Guiding will start again 1st of April.

Lakelse River:

The Steelhead fishing is really good in the upper end. **Tip:** Fly fishing is good technique. Instead of a fly I would use a bright red cocky as I knew the Steelhead were eating the Coho eggs that would escape from the Coho reds. Sometimes in the deeper runs I would tie on a flatfish plug and feed it into the deep pool. I know it is not a fly but no problem as the “fly-only” time is from Mar 1 to May 31. Also in the deeper runs I liked float fishing the corky with a little white wool. My friends and I really liked to fish the upper end this time of year while we waited for the Kalum River levels to drop so we could use our drifts and not have to compete with the jet boats. We would run our drift boats all winter and for many years the Steelhead fishing was simply outstanding and I know it still is. Good luck!

Zymoetz (Copper) River:

Water dirty but cleaning up now. Steelheading was excellent but need cleaner water now. If the current weather conditions hold up it should be great for Steelheading soon again. **Tip:** Float fishing the Pink Worm works very well in this river. Need a guide for 2014 in either the Class one or Class two section [contact me](#) anytime.

Douglas Channel:

Chinook fishing in the channel is basically over as all of the fish have moved into their natal rivers, although one has a chance to catch "feeder springs", these would be smaller fish. Coho fishing is slow; they are all heading for their home rivers...and their home rivers don't have much water in them. Coho are being caught but way down the channel. Halibut and other Bottom fish are being landed in good numbers and lots Dungeness Crab. Now when I say this fishing is good you got to know what to fish with, where to fish and how. Pink and Sockeye are out their too. My suggestion is to [book a charter guide](#) for trip or two, then you will be up to speed how to do it on your own.

Fish, Bike, Run and more in Smithers, BC

<http://www.mcbike.ca>

Recommended Fly Fishing Gear:

Courtesy Chad Black [Nicholas Dean Outdoors](#)

In the low water conditions of early April, we generally used light sink tips to cover the shallow riffles and tailouts where Steelhead were holding. Type 3 and Type 6 tips were generally all that was needed for most conditions. With the higher flows of late Spring, and in particular on the tributary rivers, we've also been using Rio's MOW tips in a variety of weights and lengths to get the fly down to the fish. The Heavy MOW tips, made of T-14 material, have been particularly useful, in lengths of 5, 7.5, 10 and 12.5 ft.

As with March, best colours have been pink, black, blue and orange. When fishing the Skeena and its tribs, larger flies from 2.5" to 4" in length have been most productive. Smaller flies in a variety of weights in the 1" to 2.5" range have worked the best on coastal rivers.

When targeting Steelhead, we've been using rods in the 12.5' to 13.5' ft range, for a 7 or 8 weight line on the larger rivers. Our personal favourites for this fishing include the 7126 **Sage TCX** and the 8139 **Loomis Dredger**. When targeting Chinook specifically, we've been using heavier 9 and 10 weight rods in the 13' to 15' range. Single hand rods and switch rods have gotten the nod on the coastal rivers. In particular, I had a chance to fish a 8116 **Sage One** rod and can confirm that it's a very good rod that's ideally suited to the coast!

Rods, Reels, Lines: For Steelhead - Spey rods in the 12' to 14' range, with a **Skagit** head to match. A 7126

TCX paired with a 500 grain **Skagit Flight** and **Loomis 8139 Dredger** with a 525 grain **Skagit** are excellent choices. A good quality disc or cork drag reel (e.g. **Islander** and **Ross**) with a minimum of 150 yards of 30 lb backing. For Spring Chinook Salmon, same as above, except with heavier gear - 9 weight minimum, 10 weight better.

Sink Tips and Tippet: A 15' Type III and 15' Type VI for most shallow water applications, and a variety of **MOW** tips - medium (T-11) and heavy (T-14) for deeper and/or heavier water. Always 15 lb **Maxima Ultragreen** for Steelhead. Increase tippet to 20 lb **Maxima Ultragreen** if targeting Spring Chinook.

Flies: **Idylwilde** String Leech, Bunny Tube, Marabou Tube and Popsickle, in shrimp pink, cerise, black, blue and orange.

If you need info to book a pro fishing guide please [contact me](#) anytime.

Prince Rupert Ocean Fishing:

Fish from this **Grady White** for **ALL** the bottom fish plus **ALL** the Salmon, Dungeness Crab and Alaskan King Crab...with a captain who has over 40 years experience. If you are interested to book a charter please [contact me](#) anytime for **ALL** the details.

Haida Gwaii - Queen Charlotte Islands:

Avid Sportfishing

Our 30 foot **Kingfisher** guide boat, the safest and most comfortable in the Charlottes

Finest ocean and river fishing, lodging and dining in remote **Haida Gwaii**

We strive to provide our guests with the BEST fishing lodge experience possible

Contact us anytime for more information:

Avid Sportfishing <http://www.avidsportfishing.ca> 1-877-770-AVID (2843)

Interested in a top notch fishing adventure in 2015? We have great packages in the best place on earth to catch salmon & halibut.

Video: [Cast here](#) to watch their **NEW Video** on YouTube

FaceBook: <https://www.facebook.com/avidsportfishing>

Still some really nice fish being caught on the west coast, a late push of nice springs to end another great season of fishing in Haida Gwaii. We are now booking for 2015, reserve your dates while they last!

Fishing for Halibut and Salmon this month has been simply outstanding. Book your charter soon to avoid disappointment.

1-877-770-2843

www.avidportfishing.ca

Here's our latest addition to the fleet for 2014. That's right we are now operating 2 - 30 foot Kingfisher guide boats. This one is tricked out with all the same options and quality gear as our first boat. Luxury fishing on the West Coast of Haida Gwaii just got even better!

Reserve Your Dates for 2015

We are already over 50% booked and prime dates are going quickly. If you're thinking about taking the family on a great fishing adventure or looking for a hard core fishing trip with the boys next summer, Avid Sport fishing's all inclusive trips have all bases covered. Round trip airfare from Vancouver, exclusive beachfront lodging and amazing meals combined with BC's best Chinook salmon fishing and experienced guides make for a "Top Notch" fishing trip that is second to none. Some exciting news for groups that require 2 boats (6 to 8 guests) is the addition of another 30 foot Kingfisher guide boat. This allows us to offer a truly unique experience with 2 of the nicest, most comfortable, most seaworthy and just plain "fishy" boats in all of Haida Gwaii/Queen Charlotte Islands. Predictions for 2014 Chinook (King) salmon runs look very good with more 4 and 5 year old fish returning meaning bigger average size than in 2013.

Please contact us to discuss dates and join Avid Sportfishing for another season of great fishing, and good times on the West Coast of Haida Gwaii in 2015!

1-877-770-AVID(2843) or fill out our [Booking Inquiry Form](#)

News Bulletin:

SHORELINES with APRIL VOKEY

Shorelines with April Vokey follows April on her life long dream to author a book about the evolution of steelhead and Atlantic salmon fishing in North America. From the Maritimes, through the Great Lakes and finally the West Coast, join April and her photographers as they reveal the rich histories, evolution and of course, world-class fisheries on their journey.

Episode 1 begins Saturday, January 10 @ 8:30am

Smithers BC and area fishing report:

Coming again in July 2015

Recent Top Photos

January 13 to January 20, 2015. 2014 SEASON REVIEW ~ Noel Gyger: May we post this pic as Top Photo? It is a nice one. We are encouraging folks to keep their fish in the water but still take a pic. If you

don't mind, which river were you on? **Toby Gilbert:** "Sure Noel. No worries. Yes, the grip and grins should be discouraged. I often check your fishing report. Going to keep quiet on the river but it's a Skeena trib, fly in only and the fish was caught on a grease lined Green Butt Skunk. All the best!" **Noel Gyger:** FYI ~ Toby is a fishing guide with [Sweetwater Travel Company](#) and [Steelhead Valhalla Lodge](#). If you are interested to hire a fishing guide to learn how, where and when to catch these guys please [contact me](#) anytime and I will help make the arrangements for a trip of lifetime. **Cast on photo to view in larger size**

January 6 to January 13, 2015. 2014 SEASON REVIEW ~ Ariel Koppers keeping his Steelhead in the water while releasing. His friend is still able to take a beautiful pic. Keeping the fish in water is a growing trend and all are encouraged to try it. **Note from Noel:** please [send me your pics](#) using this technique I would love to post...to show others how and encourage them to do it. Education is the key and I thank you for your help. As most of you know Ariel is an **AAG (Assistant Angling Guide)** for **Tracey Hittel** of [Kitimat Lodge](#). If you are interested to hire a fishing guide to learn how, where and when to catch these guys please [contact me](#) anytime and I will help make the arrangements for a trip of lifetime. **Cast on photo to view in larger size**

December 23, 2014 to January 6, 2015. 2014 SEASON REVIEW ~ Jeff Bright Steelhead Flyfisher
<http://www.jeffbright.com> was very kind to allow us to post this beautiful pic of a summer-run Steelhead. In the pic Jeff demonstrates an excellent way to pose a fish yet keep it in the water. To learn another position, yet keep the fish in the water please scroll down to the **2014 Season Review** section and check out how **Josh Buck** does it. Well done fellows! If you are interested to hire a fishing guide to learn how, where and when to catch these guys please [contact me](#) anytime and I will help make the arrangements for a trip of lifetime. **Cast on photo to view in larger size**

December 10 to December 23, 2014. 2014 SEASON REVIEW ~ Scott Cameron, guest of Tracey Hittel of Kitimat Lodge, does his very best to pose his Steelhead while keeping it in the water. Not always possible, but kudos to Scott for trying his best. As you may know **BC Fish and Wildlife Branch** has been pushing anglers to keep their fish in the water (if they plan on releasing them). Washington State implemented a regulation a decade or so ago making it unlawful to remove fish from the water due to the science that's recently become available which shows that fish lose a percent of survival for every second out of water after landing – a fish out of water for a minute now has less than a 40% chance of survival! Photo credit to their fishing guide **Gord McKean**. If you are interested to hire a fishing guide to learn how, where and when to catch these guys please [contact me](#) anytime and I will help make the arrangements for a trip of lifetime. **Cast on photo to view in larger size**

2014 Season Review:

Josh Buck shows us how to pose a Steelhead yet keep in fully in the water. Well done Josh. Josh's Dad, **Greg Buck** gave us permission to post this pic. **FYI** - Greg started his fish guiding career with me in the 1990's. Where has all the time gone?

Noel Gyger

Could I please post this pic in my fishing report? It is just perfect! Please add a caption to promo your business or conservation cause or both.

Todd Stockner

Sure Noel. You can do that. Not sure what you want to say about this. But his name is Jim Peterson and he fishes with me, my business name is Mykiss Guiding. The fish was caught in mid-September and is 40" x 20" girth

Hi Folks, first off we would like to sincerely thank **Vitalini Renato** (above) for his very kind words, "*Dear Noel, dreaming of steelhead and thinking a lot to my first trip to BC last April. I crossed your homepage. Pretty great fishing information of the whole area around Terrace! Just to say thanks for your patience and work for this great site!!!!*"

The Kitimat River Steelhead had a length of 41.5 inches and a girth of 24 inches. Mark of the **BC Fish & Wildlife** branch estimated the weight around 34.5-pounds. What a **GREAT** catch Renato...and may we say you are **WELCOME BACK** anytime!

Coho **blue** Senyo Intruder

Cutthroat **brown** Senyo Intruder

We would like to thank **Paul Reinhardt** for sending the beautiful pics and the **Tip** on what flies were working. Paul says he enjoyed walking and "catch & release" fly-fishing our local rivers.

Guest Photos and captions:

Brian Ziegler from New Jersey USA sent this pic of his Skeena River Coho landed with Spey rod on Saturday September 6, 2014. It measured 36.5 x 24. WOW ! That's one BIG Coho. Thanks for send the pic. Best regards, Noel

Breaking News - Norway Fisheries Minister asked to resign

Hello, a few days ago FaceBook ignited with grotesque images of escaped farmed rainbow trout in Norway. Norwegian sport fishermen are posting images of the 60-80 fish they are catching per day in a race to keep these "fish" from entering wild salmon rivers and digging up the eggs of the last few wild Atlantic salmon. The controversy that has built is causing unprecedented political response recommending the salmon farming industry get out of the ocean. For the politicians who refuse to see the damage, the call is for them to get out of office.

Norway is the mother of salmon farming - perhaps we should listen.

[Cast here](#) for more detail

Reading this and looking at the pictures is like looking in the mirror - farmed steelhead, infected with viruses threatening wild Atlantic salmon...

This industry has to go. Their last stronghold has turned on them. Consider sharing this blog with all your politicians and would be politicians.

Happy New Year there is no giving up!

Hello, 2014 was a tough year, but we held ground. The Harper government wanted more salmon farms in British Columbia, but none were approved, that we know of. We held ground. However, there is a wave of applications bearing down on this coast, some of them from the new company using the BC coast to farm salmon - Mitsubishi.

2015 is going to be a defining year. Below is a short video; my thoughts on the laws that are being rewritten to fit this industry and where we have to take this fight to bring reason to this issue - finally.

Thank you to everyone who has stayed on this list, informed me about diseased salmon, donated and encouraged me. I realized last year that there is no going back to studying whales, the life I wanted to live, and that I will never give up. Wild salmon are far too important to the whales, this coast, people, our climate and our future. We cannot allow them to be destroyed, just because a few people want to take short cuts to wealth.

[Here is a short video](#) of where I think we are at:

Alexandra Morton, *Gwayum'dzi*

Patagonia has had a special relationship with northern BC for over 20 years, funding everything from wild salmon conservation, fighting fish farms, supporting sustainable forestry, to supporting First Nations rediscovery camps. If you haven't see **Damnation**, you should. Its an entertaining and inspiring film, and for BC, timely.

Commentary by Bruce Hill of Terrace, BC

How the founder Yvon Chouinard of clothier **Patagonia** became an opponent of dams

For Sale

West Coast of Vancouver Islands, BC Rogers Fishing Lodge

Owners of this Lodge say they already have over 1000 guests booked for the 2014 season. In total in 2013 they did 1160 guests, so things are already pacing ahead of last year. Certainly a real positive for any potential [Buyer to have a turn-key business](#)

Rodgers Fishing Lodge is located on the west coast of Vancouver Island about 90 miles due west of Campbell River in Esperanza Inlet. Rodgers is one of the busiest fishing lodges on the B.C. coast, entertaining over 1000 guests a year. They also enjoy one of the longest seasons on the coast, operating 19 weeks in 2013.

This will be their 31st year in the Sport Fishing business and their 20th year in Esperanza Inlet. Rodgers has shown a remarkable rate of growth over the past 3 years due mainly to an aggressive, innovative and successful marketing programme. Their gross revenue has more than doubled since 2010 and 2014 looks to be another banner year with over 550 guests already booked.

The Lodge has a location second to none as it is ideally situated to take advantage of some of the most outstanding fishing opportunities on the BC coast for Salmon, Halibut, Bottom Fish and Tuna. The addition of Tuna fishing this year will add a new dimension to the business and will add increased revenue to the months of August and September. The Tuna fishery is going to be a huge breakthrough in the future for West Coast fishing lodges. Rodgers Lodge is perfectly positioned to take advantage of it. Historically, the Tuna in their migration pattern will follow the warm water temperatures that occur along the Continental Shelf. In Rodgers Lodge's location the Continental Shelf is just 12 to 15 miles offshore as opposed to 50 miles offshore for places like Tofino and Bamfield.

Black Bear and Bald Eagles are regularly seen by the lodge. They have the largest colonies of Sea Otters on the coast and the Gray, Orca and Humpback Whales pass by on their way to and from the Bering Sea.

The owners love the business and wish that they were 30 years younger. However, they feel that it is now time to turn the reins over to someone who shares the same passion for the outdoors and who is looking for a wonderful rewarding lifestyle.

Asking price \$1,199,000

Please [contact Noel Gyger](#) if you are interested.

For Sale

ECO Tour Tenure license for sale:

It ranges from the Bulkley bridge just above the Suskwa down stream to Hazelton. Then down stream through Terrace to the salt water.
