

Tracey reports for August 2020

**REPORT - August 7, 2020** from Tracey John Hittel of [Kitimat Lodge](#),

**Clients from BC ocean fishing**

The summer has been wet but successful for our clients from BC. Halibut fishing is extremely good and salmon a bit slower as commercial seine boats are collecting all species of salmon around the sportfishing points of interest. Oh well we all need to work.

Hartley Bay is closed for business, so accessing fuel is a no go as well moorage at the government dock.

The Skeena has finally opened for Chinook and Sockeye and we expect a awesome summer run of Steelhead.

Stay safe and stay positive.
